TECHNICAL SKILLS

Languages: JavaScript, Python, Java, SQL
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js
Databases: MySQL, PostgreSQL
Tools: Git, GitHub, VS Code
Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS

INTERNSHIPS

Frontend Web Developer Intern (Virtual) **Aug 21,2025 – Sep 30,2025**

IBM SkillBuild, Remote

- Developed responsive web applications using HTML5, CSS3, and JavaScript ensuring cross-device compatibility
- Built responsive UI components and implemented form validation using JavaScript to improve usability and reduce input errors.
- Completed training in cloud computing and AI fundamentals; collaborated with 100+ interns globally

Web Development Intern **Jul 2,2025 – Aug 1,2025**

Pinnacle Lab, Remote

- Built dynamic, form-based web applications with validation and responsive design
- Improved user experience through efficient UI design, error handling, and data persistence

PROJECTS

Employee Management System (React.js) **Live | [GitHub](#)**

- Developed a scalable employee management system using React.js, supporting task workflows for 50+ users
- Designed admin dashboard to assign and track 100+ tasks, improving operational efficiency by 40%
- Built real-time employee dashboard, reducing manual tracking effort by 60% with responsive UI

Personal Portfolio Website **Live | [GitHub](#)**

- Developed responsive portfolio website showcasing 5+ projects with optimized UI/UX and cross-device compatibility
- Achieved 95+ Lighthouse performance score and reduced load time to under 2 seconds using lazy loading and asset optimization

EXPERIENCE

Technical Team Member **Oct 2024 – Jul 2025**

Kalakrit (Technical Society), ABES Engineering College, Ghaziabad

- Designed 15+ graphic posters monthly using Adobe Photoshop and Illustrator for college events reaching 2,000+ students
- Increased engagement by 40% through video editing and digital content creation; mentored 3 junior members

EDUCATION

Bachelor of Technology in Computer Science (Data Science) **Oct 2023 – Jun 2027**

ABES Engineering College, Ghaziabad, India

CGPA: 8.49/10.0

- Relevant Coursework: Data Structures & Algorithms, OOP, Database Management, Cloud Computing, Data Analytics

CERTIFICATIONS & ACHIEVEMENTS

- AWS Academy Graduate – Introduction to Cloud Semester 1** – Amazon Web Services, 2025
- Competitive Programming:** Solved 100+ DSA problems on LeetCode and HackerRank
- Hackathon Participant:** Built a web app in a 24-hour hackathon using HTML, CSS, and JavaScript.
